Spring is Springing! Yay! I just came inside from shooting a video outside and WOW! It's nice out! Yes I realize that when you get this and read it that it could be cold and rainy, but those cold days are just about over. Everyone loves Spring, primarily because it means... *summer is near!*

For many across this great country though, it's still **COLD**, grey, and snowy! One thing is for sure, this winter season is coming to an end. It does every year without fail.

Are you with me when I say that these seasons seem to come and go faster and faster, as well as time? Some of life's seasons will be **HOT** and others will be **COLD**, some high and some low. The lows we want to move by quickly, the highs we want to stay in forever. But it's the low points, those tough times, that I have learned the most from. All of the experiences through these season make us who we are.

AND remember, your

REFERRALS help the Kids!

Unfortunately, there are some that will have a Spring Time they would much rather forget.

With all the beauty this Spring time brings, there is also the ugly for some. **Children's Hospital of Orange County** has a full house of kids with many fighting for their lives.

For them and their families, Spring time is the furthest thing from their mind. Don't get me wrong, these families long to see their kids out in the yard playing or riding their bikes but for now, they are praying this will be a season of healing.

Just like last year, we are on a mission to raise another \$50,000 for Children's Hospital of Orange County. We do this by donating a portion of our income from homes we sell. As you know Children's Hospital of Orange County does great work in helping kids fight through and survive nasty life-threatening diseases like cancer, Non-Hodgkin's lymphoma, leukemia and others.

Why I Support Children's Hospital of Orange County:

I remember when I first heard about a young person close to a friend of mine suffering from a nasty disease and getting treated at Children's Hospital of Orange County. It was then that I began to pay closer attention to the work they do at that hospital. Since then, I have learned that it is a collection of hard-working health care professionals, most making their home right here in the Orange County area, all coming together for a common cause. That cause is to help young people overcome unfortunate health issues that life sometimes throws our way.

We take pride in supporting the good work these people do at Children's.

My team rally's around our annual goal of raising money and donating a portion of our income to help Children's in their quest to heal young people when they need healing. My team and I are committed to providing outstanding results for buyers and sellers referred to us by our past clients. I have discovered that the Children's Hospital of Orange County shares similar commitments to their patients. And since their services survive on sponsorships and donations we are happy to contribute and proud to support them.

I encourage you to visit their website at www.CHOC.org and check out how they are making a difference in the lives of children and their families!
